The Balanced Man: Our member development program distinguishes SigEp from other fraternities. Our brothers continue to better themselves throughout their undergraduate careers by following our concept of *Sound Mind, Sound Body*, striving for excellence in all aspects of their lives. Upon completion of the final step of our program, a brother has become a well-rounded man. That's why our chapter excels in academics, athletics, and community service. Our Balanced Man Program now recruits over 4,000 new members each year, helping SigEp to become the nation's largest fraternity with over 14,000 undergraduate members and over 255,000 lifetime members. We have 250 chapters nationwide and were the first to charter a chapter in all 50 states. Find out more at www.sigep.org and www.sigepslu.com.
